Choctaw Nation

Stonewall, Bromide- OK

FCC - 54.313(a)(9)

### Summary

Mid-America serves a portion of the Chickasaw Nation in its exchanges of Stonewall and Bromide, Oklahoma. The tribal lands served by Mid-America are part of "former reservations", now known as Oklahoma Tribal Statistical Areas. Choctaw Nation tribal members do not live in specifically defined tribal communities within the Mid-America service area. All customers of Mid-America, including tribal members, have access to the same facilities and advanced telecommunications services.

TDS-Mid-America reached out to the Choctaw Nation via letter dated May 21, 2014 requesting to schedule a meeting with tribal representatives in fulfillment of its §54.313 (a)(9) tribal engagement obligation and in furtherance of the goal of establishing good working relationships with its customers located on tribal lands. A copy of this letter is attached. TDS-Mid-America received no response from the Choctaw Nation and thus was unable complete a tribal engagement during 2014. TDS- Mid-America will continue attempts to engage the tribe through further outreach communications in 2015.

Dear Chief Pyle,

TDS Telecom is a communications provider and eligible telecommunications carrier (ETC) in the Stonewall, and Bromide exchanges, which is located within the Tribal lands of the Choctaw Nation. The FCC, in its Transformation Order released on November 18, 2011, required ETCs to annually engage Tribal governments to discuss, at a minimum, the following issues: (1) a needs assessment and deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services in a culturally sensitive manner; (4) rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and (5) compliance with Tribal business and licensing requirement.

I would like to schedule a meeting with Tribal representatives to discuss the issues listed above and any other concerns you may have regarding the telecommunications services being provided by TDS Telecom. Please provide a list of potential dates and times when the Tribal representatives would be available to meet. My business phone number is 865-671-4750; email [jeff.handley@tdstelecom.com](mailto:jeff.handley@tdstelecom.com). Thank you for your prompt attention to this matter.

Sincerely,

Jeff Handley

Re: CC Docket No. 10-90  
Certification of Reasonable Steps Taken to Provide 4 x 1 Broadband Service

Dear Ms. Dortch:

As part of the FCC's annual reporting requirements for ETC re-certification, Rule 54.313(f)(1)(i) requires carriers to certify that upon receiving a customer's reasonable request for broadband service with speeds of 4 mbps download and 1 mbps upload, the carrier took reasonable steps to provide service at those speeds.

TDS Telecommunications Corporation (TDS Telecom) owns and operates the telephone companies listed on the attachment. Each provides broadband service. Collectively through these companies, TDS Telecom offers broadband service to 94% of its ILEC customers. Most of these customers receive speeds of 5 mbps or faster.

TDS Telecom has recently completed a major initiative to extend its broadband coverage to much of its rural serving area. This effort utilized grant funding available through the American Recovery and Reinvestment Act and was administered by the Rural Utility Services (RUS). \$100 million in grant funding was received while TDS Telecom invested an additional \$25 million of its own capital. At the conclusion of this initiative, broadband service was made available to an additional 32,000 customers who were previously unserved.

At this time, and with today's available technology, TDS Telecom has extended its broadband footprint as far as is economically feasible. The 6% of customers that remain unserved live in our most rural and remote service areas. The cost to bring broadband to them, or to increase speeds to 4 x 1 for those who currently have service at slower speeds, would far exceed the revenue received. We continue to closely monitor emerging technologies and look for affordable ways to serve these customers, but for the time being, it is unreasonable and would not be a prudent use of company capital.

As Executive Vice President of TDS Telecommunications Corporation and an officer authorized to give this certification, I hereby certify that TDS Telecom collectively and through each of its subsidiaries listed on the attachment, has taken reasonable steps to provide 4 x 1 broadband service upon receipt of a reasonable request from a customer.

Sincerely,

Kevin G. Hess
